SUBJECT Uranium Mine at Kővágószőlő

DATE DISTR. 24 October 1956

NO. PAGES 1

REQUIREMENT NO. RD

REFERENCES

DATE OF INFO. PLACE & DATE ACQ. 50X1-HUM

A very rich and easily exploitable uranium mine was discovered in 1955 in the vicinity of Kővágószőlő. As the mine at present has practically no technical facilities, ore is sent from there to the USSR without processing. In the future, the Kővágószőlő mines are expected to be provided with a high-frequency electric system.
